# Elrick Fundamentals Bass Strings

Developed over several years in collaboration with acclaimed string designer Les O' Connor, Elrick Strings have been engineered to deliver piano like attack, clear and articulate with strong fundamentals.

Manufactured in the USA using the highest quality wire supplied by US manufacturers providing MIL spec components to the aerospace industry. Precision wound on computer controlled machines, core wire tension is precision controlled from string to string, wrap to wrap providing greater consistency and brightness with specific tension engineered for each core and wrap. Each string has been engineered for reliable intonation, balanced tension from string to string and dynamic, balanced frequency responsiveness from low to high. The Elrick Strings formula incorporates a heavier core wire with thicker inner wrap wires and thinner outer wraps. A heavier hexagonal core provides a solid foundation for the outer wraps as well as more resonance and a stronger fundamental, while heavier inner wraps combined with thinner outer wrap wire provides a smoother feel and less finger noise.

Elrick Strings are not re-packaged "private label" strings and are not available from any other manufacturer or packaged as any other brand!

## Nickel Sets

Med. Light	4	.045	.065	.080	.100		\$29	
Medium	4	.045	.065	.085	.105		\$29	
Big Boy	4	.050	.070	.090	.110		\$29	
Med. Light	5	.045	.065	.080	.100	.125t	\$36	
Medium	5	.045	.065	.085	.105	.130t	\$36	
Big Boy	5	.050	.070	.090	.110	.130t	\$36	
Single strings		.035 / .030 / .025						\$7.50

## Stainless Sets

Med. Light	4	.045	.065	.080	.100		\$29	
Medium	4	.045	.065	.085	.105		\$29	
Big Boy	4	.050	.070	.090	.110		\$29	
Med. Light	5	.045	.065	.080	.100	.125t	\$36	
Medium	5	.045	.065	.085	.105	.130t	\$36	
Big Boy	5	.050	.070	.090	.110	.130t	\$36	
Single strings		.035 / .030 / .025						\$7.50
